

Fannie Mae®

Multifamily Mortgage Business Lender Letter 22-03

August 16, 2022

To: Multifamily Lenders
From: Brian Walsh
Subject: Lender Letter 22-03 – DUS Gateway® Updates

HIGHLIGHTS

Fannie Mae is announcing updates to the DUS Gateway® Borrower and/or Correspondent soft matching capabilities for all deals submitted with a broker and/or correspondent which will be available to you September 2022.

Updated Broker Correspondent Capabilities

We have updated our process for accepting new broker and correspondents in our DUS Gateway Lender Community. As a Lender, when adding a broker or correspondent to a deal, the system will now only allow you to use the soft match function for a name that is currently in our system. However, if you cannot find an existing name and must register new broker or a new correspondent, you will be prompted to contact your deal team to register this new contact.

Effective Date

The revised Broker Correspondent DUS Gateway process will be available September 2022.
