

Multifamily Asset Management Portal (MAMP) Release Notes – Release 18.0

Fannie Mae has implemented Multifamily Asset Management Portal (MAMP) Release 18.0 and new features are now available.

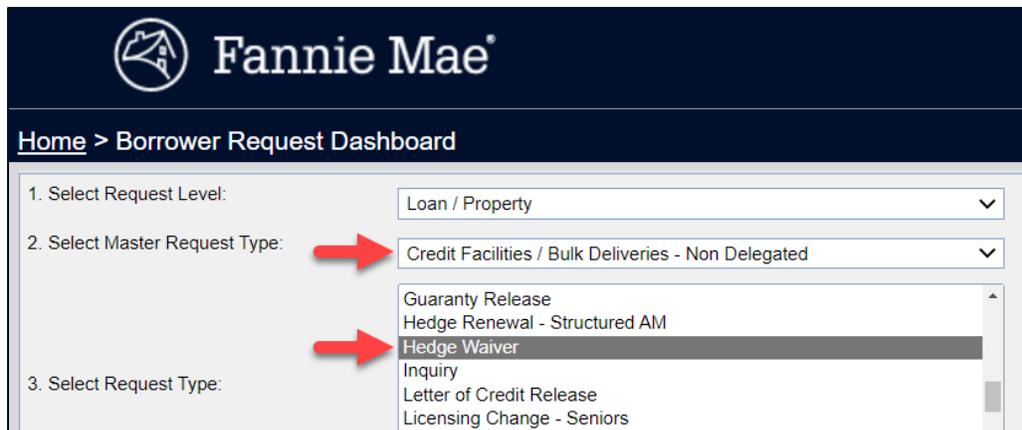

Key Release Highlights:

- Added new Hedge Waiver Request Type to the Borrower Request (BR) module.
- Retired the Catastrophic Events (CE) module.

Detailed Description of Changes:

Enhancements to Borrower Requests (BR) Module:

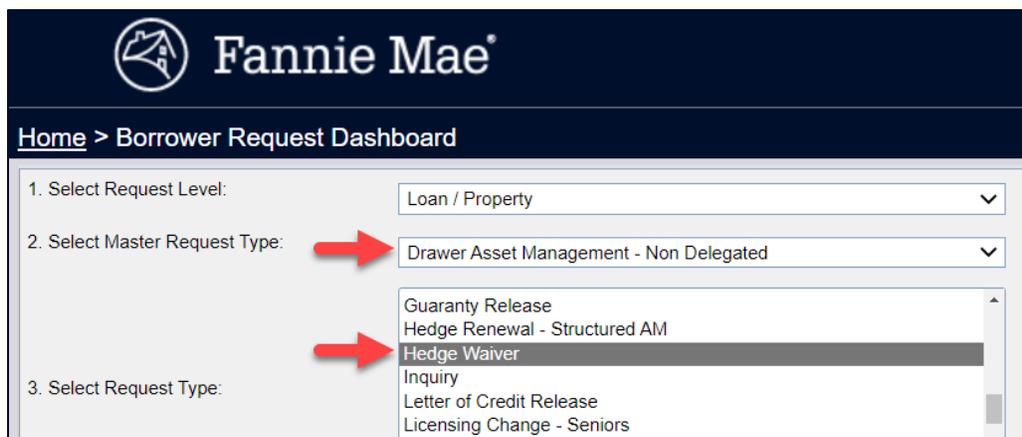

- Added a new “Hedge Waiver” option to the Request Type drop down. This option is available for both the “Credit Facilities / Bulk Deliveries - Non Delegated” and “Drawer Asset Management - Non Delegated” Master Request Types.

The screenshot shows the Fannie Mae Borrower Request Dashboard. The breadcrumb navigation is "Home > Borrower Request Dashboard". The form has three steps:

1. Select Request Level: Loan / Property
2. Select Master Request Type: Credit Facilities / Bulk Deliveries - Non Delegated
3. Select Request Type: A dropdown menu is open, showing options: Guaranty Release, Hedge Renewal - Structured AM, Hedge Waiver (highlighted), Inquiry, Letter of Credit Release, and Licensing Change - Seniors.

Red arrows point to the Master Request Type dropdown and the Hedge Waiver option in the Request Type dropdown.

Retirement of Catastrophic Events (CE) Module:

- The Catastrophic Events module in MAMP has been retired and will no longer be accessible from the homepage. Servicers are now required to report on CE workitems in the DUS 360 application. Reporting requirements per the Multifamily Selling and Servicing Guide remain unchanged.
