

Multifamily Mortgage Business Lender Letter 17-25

Date: December 15, 2017

To: Fannie Mae Multifamily Lenders

From: Brad Lefkowitz, Associate General Counsel

Subject: Loan Document Updates and Counsel Designation Requests

As part of Fannie Mae's commitment to more fully leverage delegation under the DUS[®] program and expedite the underwriting and closing processes, we are pleased to announce the following updates to our loan documents. We are also updating our counsel designation request forms to expedite processing for interest rate hedge transactions.

New Loan Documents

Get to closing faster with these new forms. See [Exhibit A](#) for details.

- [Graduated Prepayment Premium](#) – Schedules for 12, 15, 18, and 30-year fixed rate terms.
- [Ground Lessor Estoppel](#) – A certificate to quickly document exceptions to the ground lease review checklist.
- [Partial Release](#) – A modification to document the future release of unimproved land and non-income producing improvements.
- [Fractured/Commercial Condominium](#) – A modification for use when a borrower owns nearly all of the residential units in a residential condominium or all of the residential units in a single building within a mixed use condominium.
- [Oil/Gas/Minerals](#) – A modification for use when the right to explore, excavate, or remove oil, gas, or other minerals has been granted.

Revised Loan Documents

Expect fewer modification requests with these enhancements to existing forms. See [Exhibit B](#) for details.

- [Financial Reporting](#) - Mandatory guarantor financial reporting has been eliminated. Instead, guarantor financials are only required when requested by the lender.
- [Annual Certifications](#) - The Annual Loan Agreement Certifications (6620 series) are now optional forms. Borrowers may comply with the loan agreement reporting requirements in their preferred format.
- [Non-Controlling Interest Transfers](#) - Transfers of more than 50% of non-controlling ownership interests in the borrower are now permitted provided the transfer does not diminish key principal/guarantor control, divest a key principal/guarantor beyond 50% of its original position, or result in a prohibited person owning 25% or more of the borrower, and a \$25,000 transfer fee and \$3,000 review fee are paid. Among other things, this addition facilitates investment fund transfers and post-closing admission of new investors on the non-controlling side of the structure.
- [Seniors Housing Documents](#) – These forms have been revised to allow month-to-month leases (when customary in the applicable market) and changes in acuity level (e.g., IL to AL) by up to 15% (formerly 5%), each without the lender's consent. In addition, the borrowers' and operators' trademarks and tradenames are now excluded from the collateral (instead, the borrower and operator provide a 180-day post-foreclosure license to the lender to use the marks and names).

Counsel Designation Requests

Expedite processing for interest rate hedge transactions by using a new PDF that sends your request directly to Fannie Mae's outside counsel. See [Exhibit C](#) for details.

Retired Loan Documents

See [Exhibit D](#) for details about retired loan documents.

Effective Date

The loan documents and counsel designation requests announced in this Lender Letter may be used immediately, and must be used in connection with all loans committed on and after February 1, 2018.

EXHIBIT A: NEW MULTIFAMILY MORTGAGE BUSINESS 6000 SERIES FORM LOAN DOCUMENTS

The following newly published Fannie Mae Multifamily Mortgage Business 6000 series form loan documents are now available on the [Multifamily Loan Documents](#) page on FannieMae.com.

- Graduated Prepayment Premium Schedules
 - Schedule 4 to Multifamily Loan and Security Agreement (Prepayment Premium Schedule – Graduated Prepayment Premium – 12 Year Fixed Rate Period) (6104.15)
 - Schedule 4 to Multifamily Loan and Security Agreement (Prepayment Premium Schedule – Graduated Prepayment Premium – 15 Year Fixed Rate Period) (6104.16)
 - Schedule 4 to Multifamily Loan and Security Agreement (Prepayment Premium Schedule – Graduated Prepayment Premium – 18 Year Fixed Rate Period) (6104.17)
 - Schedule 4 to Multifamily Loan and Security Agreement (Prepayment Premium Schedule – Graduated Prepayment Premium – 30 Year Fixed Rate Period) (6104.18)

- Ground Lessor Estoppel Certificate
 - This new estoppel certificate, attached to Modifications to Multifamily Loan and Security Agreement (Ground Lease Defaults) (6206), must be executed by the ground lessor and may be used to document modifications to the ground lease in connection with the requirements set forth in the Guide and the Ground Lease Review Checklist (6479).
 - Note that the estoppel certificate does not impose any new requirements; rather, it facilitates simple incorporation of Guide and Ground Lease Review Checklist (6479) items commonly omitted in the ground lease.

- Modifications to Multifamily Loan and Security Agreement (Partial Release of Mortgaged Property) (6257)
 - This modification should be used to document the future release of unimproved land and non-income producing improvements.

- Modifications to Multifamily Loan and Security Agreement ([Fractured/Commercial] Condominium Provisions) (6258)
 - This modification should be used when (a) the borrower owns nearly all (but not all) of the residential units in a residential condominium (a “fractured condominium”) and possesses control of the voting interests in the condominium association, or (b) the borrower owns all of the residential units in a single building within a mixed use condominium (a “commercial condominium”) but may not possess control of the voting interests in the condominium association.

- Modifications to Multifamily Loan and Security Agreement (Oil, Gas, and Mineral Rights) (6262)
 - This modification should be used when the right to explore, excavate, or remove oil, gas, or other minerals from the mortgaged property has been granted (e.g., lease, easement, deed reservation).

EXHIBIT B: REVISED MULTIFAMILY MORTGAGE BUSINESS 6000 SERIES FORM LOAN DOCUMENTS

The following loan documents have been revised to reflect our review of issues raised since the last publication, including securitization/MBS-related considerations (e.g., addition of drafting notes and alignment of non-recourse carve-outs with events of default), Guide alignment (e.g., changing Net Operating Income to Net Cash Flow), and state law updates (e.g., addition of Florida prepayment language in the Note). The revised loan documents are intended to enhance transactional efficiency and reduce the need for Fannie Mae's review. Additional revisions to the loan documents are largely ministerial, conforming, or corrective. Please refer to the blacklined versions for complete details. The revised loan documents are available on the [Multifamily Loan Documents](#) page on FannieMae.com.

All banners regarding MBS disclosure have been removed from the loan documents. Please refer to Fannie Mae Multifamily Additional Disclosure Guidance ([4098](#)) for current additional disclosure requirements.

Notable loan document changes include the following revisions.

- Loan Agreements (6001 series)
 - Section 6.02(c)(2) was revised to clarify that replacements of tangible personalty or fixtures require the lender's approval if they result in (a) a change in unit mix, or (b) a disruption in occupancy (other than in connection with the routine re-leasing of units).
 - Section 8.02(b)(2) was revised to eliminate required guarantor financial reporting. Instead, guarantor financials must be provided only when requested by the lender as set forth in Section 8.02(b)(4)(E).
 - Section 11.02(b)(1)(E) was revised to clarify that easements are subject to the \$5,000 Guide review fee rather than the general \$3,000 review fee in the loan documents.
 - Section 11.02(b)(3) was added to permit transfers of more than 50% of non-controlling ownership interests in the borrower provided the transfer does not diminish key principal/guarantor control, divest a key principal/guarantor beyond 50% of its original position, or result in a prohibited person owning 25% or more of the borrower. A \$25,000 transfer fee and a \$3,000 review fee are required. This addition facilitates investment fund transfers and post-closing admission of new investors on the non-controlling side of the borrower structure.
 - Section 11.03(b)(1) was revised to delete clause (B) because it is covered in Section 11.03(b)(2).
- Recourse Loan Agreement (6001.R)
 - Section 11.02(b)(4) was revised to require the lender's consent for the borrower's conversion from one type of legal entity to another.
 - Section 11.03(c) was revised to require the lender's consent for estate planning transfers to immediate family members (but not to trusts for their benefit).
- Definitions Schedules (6101 series)
 - The definition of Material Commercial Lease was revised to align with the Guide to (a) delete the concept of master/corporate leases (which concept was also deleted from the definition of Residential Lease), and (b) add dwelling units leased to a borrower affiliate.
 - The definition of Net Cash Flow was added and incorporated throughout the loan documents (as a replacement for Net Operating Income) in order to align with previous CREFC-related disclosure changes in the Guide.
- Adjustable Rate Mortgage Loans (6102.ARM series and 6102.SARM series)
 - The definition of Index in Schedule 2 (Summary of Loan Terms) for adjustable rate loans has been revised.
 - Note that 6102.HYARM was revised similarly and published *via* [Guide Update Memo 17-06](#).
- South Carolina Security Instrument (6025.SC)
 - A revised version of the Certificate of Compliance of South Carolina Licensed Attorney and Verification by Mortgageor has been added to accommodate alternative closing duty structures.

- Seniors Housing Loan Documents
 - Loan Agreement (6001.NR.SRS)
 - Section 4.01(j)(2) was revised to delete “Affiliated Property Operator” because it is covered by the representation in Section 4.01(j)(1).
 - Section 7.02(a)(3) was revised to permit month-to-month leases without lender’s consent (when customary in the applicable market).
 - Definitions Schedule (6101.SRS series) - the definition of Allowed Change in Use was revised to increase permitted acuity changes from 5% to 15%.
 - Collateral Documents (6310.SRS, 6446.SRS, 6449.SRS.Borrower, 6449.SRS.Operator) - borrowers’ and operators’ trademarks and tradenames are now excluded from the collateral but the lender is granted a 180-day license to use such names and marks following a foreclosure event.
- Manufactured Housing Community
 - Modifications to Multifamily Loan and Security Agreement (Manufactured Housing Community) (6208) was revised to clarify that recreational vehicle rentals of less than one month are non-Material Commercial Leases and not Residential Leases.
- Green Mortgage Loan Provisions
 - Modifications to Multifamily Loan and Security Agreement (Green Mortgage Loans) (6241)
 - The modification was expanded to facilitate the lender’s collection of additional utility information.
 - Multifamily Mortgage Loan Delivery Package Table of Contents (6502)
 - Folder II now includes an entry for the High Performance Building (HPB) Report and Appendix H: HPB Module Report Tables (4099.H) for use with Green Rewards mortgage loans and Green Preservation Plus mortgage loans.
- Multifamily Affordable Housing (MAH) Loan Documents
 - Rent Restriction Agreements – Scorecard Exclusions for Affordable Housing (6102.23 and 6253)
 - Updated for scorecard alignment and to add personal liability for the lender’s loss.
 - The Section 8 HAP Contract modification (6216) now has expanded personal liability for the lender’s loss.
 - The Tax Abatement or Exemption modification (6251) now includes personal liability for the lender’s loss.
- SPE Modification to Loan Agreement (6254)
 - This modification was updated to incorporate new credit guidance appearing on the cover page of the modification.
- Ground Lease Review Checklist (6479)
 - The Ground Lease Review Checklist (formerly Form 4665) was renumbered to become a 6000 series loan document. Although it was reorganized and wordsmithed to align with recent Guide revisions, the only material change was to the required lease term (now 30 years beyond the maturity date in all cases).
- Master Lease Review Checklist (6480)
 - The Master Lease Review Checklist (formerly Form 4201) was renumbered to become a 6000 series loan document. No substantive changes were made.
- Annual Loan Agreement Certifications (6620.Borrower, 6620.Guarantor, 6620.IDOT)
 - The forms of annual certification are no longer required to be used; however, borrowers and guarantors must continue to satisfy all loan document reporting requirements (whether or not they elect to use the forms, which are now provided for convenience only).
 - The forms of annual certification have been revised to reflect the above-described changes to Loan Agreement Section 8.02(b)(4)(E) and the Green modification (6241).
 - Forms 6620.IDOT.Borrower and 6620.IDOT.IDOT Guarantor have been consolidated and now appear as Form 6620.IDOT. Blacklines of the new form against the outgoing IDOT Borrower form (Blackline B) and the outgoing IDOT Guarantor form (Blackline G) are linked below.
