

C&D Release Notes

Release 10.0

May 11, 2018

Multifamily Operations announces the release of Multifamily C&D 10.0 on **June 3, 2018**, with the enhancements described below.

Highlights

- New Seller Payee Code Administration screen;
- Same Month Pooling enhancement;
- Additional C&D modifications; and
- Login page update.

Introduction

C&D release 10.0 will implement enhancements to enable easy identification of a payee code for selection on an ASAP Plus Early Funding Request, and require Lender acknowledgement for Same Month Pooling transactions. The release also includes other minor changes.

I. Seller Profile (New Tab)

The Seller Profile Tab has been added, which will take the user directly to the Seller Payee Code Administration screen.

II. Seller Payee Code Administration (New Screen)

A new payee code screen has been added to enable the entry of a nickname for each payee code. The new screen will include the Fannie Mae Seller Number, Payee Code, Active indicator, ASAP indicator, Wire ID, and Payee Code Nickname. The payee code nickname will be displayed adjacent to the payee code in the payee code field on the ASAP Plus Early Funding Request screen.

III. MBS Pool Screen Changes

The MBS Pool screen has been updated to include a new section labeled “Same Month Pooling”. The new section will include an acknowledgement that must be verified for any MBS Pool that meets the criterion for Same Month Pooling.

IV. Additional Modifications

The login page has been updated. Please note no change to the login process will be required.

The list of data fields included in the business rule to restrict entry of invalid special characters has been expanded. Please refer to the attachment below detailing the list of attributes.
