## DUS Gateway® API Analytics Dashboard Job Aid

## April 2023

## Summary

API Analytics Dashboard is a Dashboard that allows Lenders to view data and metrics regarding API usage by Month and Quarter. This provides a metrics on the number of deals that have been Registered and Submitted through the API's. Additionally, it provides the amount of Deals, Loan Options, Waivers, and Deal Documents uploaded through the API.

• Log into DUS Gateway and click on the caret icon next to the Dashboard tab
