

List of Multifamily Appraisal Firms

On January 28, 2025, underwriting Appraisal Report submissions must include structured data sets using the [Form 4827.A – DUS Appraisal Data Set](#) in addition to report narratives per [Guide Notification 24-23](#).

The appraisal firms listed below have successfully submitted at least one appraisal file that met the data requirements. Fannie Mae Multifamily is providing this list to help lenders identify appraisers who may be able to fulfill the DUS Appraisal requirement.

Although these appraisal firms have fulfilled the data requirements, this is not an endorsement. Please note that not all use cases have been identified and some appraisal files may still contain errors.
