

Streamlined Rate Lock

How fast can you rate lock your loan? DUS® Lenders are in the driver's seat with our Streamlined Rate Lock Execution.

Fannie Mae's Streamlined Rate Lock (SRL) is a game changer for Delegated Underwriting and Servicing (DUS®) Lenders and their borrowers. With lender-controlled timing, expanded delivery tolerance, and newly limited breakage fees, the SRL is the fastest and most flexible multifamily loan product available.

Our SRL option allows borrowers to manage interest rate risk by locking the interest rate on a loan very shortly after application and up to 180 days in advance of closing. Eligible loans include all fixed-rate loans and Hybrid ARM loans for the acquisition or refinance of stabilized conventional multifamily properties. Almost all specialty asset classes and product types are eligible, some may be subject to pre-review by Fannie Mae.

Fast and flexible

- Lock the entire rate, not just the Treasury index or spread
- Rate lock requirements established by the DUS Lender with no review by Fannie Mae on delegated loans and limited review on Pre-Review loans
- Breakage fee limited to the Good Faith Deposit, curtailing downside for the borrower
- Expanded delivery tolerance – no penalty for 5% reduction from commitment to delivered loan amount; on trades with Fannie Mae, minimum penalty for reductions up to 10%
